7A Economic Commission for Europe
7B Economic Commission for Asia and the Far East
7C Economic Commission for Latin America

8 United Nations International Children's Emergency Fund and United Nations Appeal for Children
9 Secretariat

The individual parts are issued in one or more numbers listing documents issued from the beginning of 1946 to the end of 1949.

In addition to the list of documents, every part contains a subject-index, an index of personal names where necessary, and introductory notes giving information on the organization of the bodies concerned. It also notes the unpublished records of meetings and sound recordings deposited in the Archives of the United Nations and the press releases concerning the meetings.

Part 6C of the Check List of United Nations Documents comprises the documents of the Statistical Commission, one of the Functional Commissions of the Economic and Social Council. The present number lists all documents issued during the period 1946 to 1949, including the documents of the Nuclear Statistical Commission, the Sub-Commission on Statistical Sampling, the United Nations World Statistical Congress and the Regional Meeting of European Statisticians.

The user of this volume will find it helpful to read carefully the explanations preceding the Check List and the Subject-Index.

## EXPLANATION

ENTRY NUMBER. Documents are referred to by entry numbers in the index to this check list. Entry numbers do not appear on the documents and should not be used in citations.

LANGUAGE OF ISSUE. The language editions in which a document is issued are indicated as English (E), French (F), Spanish (S), Russian (R), Chinese (C), or bilingual English-French (E&F) texts.

DOCUMENT SYMBOL AND SHORT TITLE. This number should be used in citing documents. In the case of publications without document symbol numbers, titles should be cited together with the session number, issue number, supplement number, and volume number, whichever is included in the entry. Title entries have been standardized and shortened or expanded in order to clarify the meaning of the titles and the authorship of the documents, so the entries do not always conform literally to the actual documentary titles. The collation shows the pagination of the English or bilingual English-French text only. The date appearing on each document below the document symbol number is usually the date of registration of the documentary text with the Bureau of Documents for publication and translation and should be the same in all language texts. The date of registration closes each entry. Corrigenda and revisions are usually grouped with the parent document in the same entry. Corrigenda are corrections of errors in the text, title, date and classification of documents, emendations of the translation, and additions of omitted text. Addenda include supplementary material, such as annexes, tables, and other additional communications. Revisions are texts revised through formal amendment, or new editions prepared by the submitting delegation or by the Secretariat.

REPUBLICATION NOTES indicate the republication of whole documents in other documents or in the Official Records. In the case of resolutions only their republication in collected sets is indicated; in the case of draft resolutions no attempt is made to note the inclusion of their texts in the verbatim records of meetings.

RESTRICTED Documents of "restricted distribution" are indicated in this Check List by a black dot (•) before the symbol.

INTRODUCTORY NOTES give a short parliamentary history of the Commission and describe briefly each Committee session by session, including the date of its appointment, citing its terms of reference, naming its members and officers, listing its reports and document series symbol (if any), and tabulating its meeting records. The plenary meetings are shown in tables for each session. The tables indicate both published and unpublished meeting records and related press releases. Since drafts for the published meeting records should be deposited as a matter of course in the Archives of the United Nations, the tables show under the heading "Archives" only the unpublished manuscript records deposited in the Archives ("TPV"; "TSR") and the sound recordings ("X").

# (NUCLEAR) STATISTICAL COMMISSION

Entry No. 1

## Establishment of the (Nuclear) Statistical Commission

The Nuclear Statistical Commission, one of the nuclear functional commissions of the Council was appointed by Economic and Social Council Resolution 1/8, adopted on 16 and 18 February 1946. It was composed of nine members, appointed in their individual capacity for a term of office expiring on 31 March 1947. (Actually the nuclear Statistical Commission was replaced by the full Statistical Commission, appointed by Economic and Social Council Resolution 2/8 on 21 June 1946.) The Council, at its plenary meetings on 16 and 18 February 1946, appointed six persons by name as initial members and three additional members to be nominated by China, the Ukrainian Soviet Socialist Republic and the Union of Soviet Socialist Republics.

2

## Members

The members of the Nuclear Statistical Commission during its existence from 16 February to 21 June 1946 are shown in the following table.

| State | Name of Member | Remarks |

## Establishment and Composition

The Statistical Commission, one of the functional commissions of the Economic and Social Council, was established by Economic and Social Council Resolution 2/8 adopted on 21 June 1946. Terms of reference: In document E/39, entry 35. The Commission is composed of one representative from each of twelve Member States of the United Nations selected by the Council. The Council may, in addition, appoint in their individual capacity, not more than twelve corresponding members from countries not represented on the Commission. Except for the initial period, the terms of office shall be for three years. For the initial period, one-third of the members of the Commission were elected to serve for two years, one-third for three years and one-third for four years, the term of each member to be determined by lot. Retiring members are eligible for re-election. Accordingly, the Council at its 46th plenary meeting, on 2 October 1946, elected the twelve nominating States. The terms of office were determined by lot at the 47th plenary meeting on 3 October 1946, as follows: to serve for two years: China, the Netherlands, the Union of Soviet Socialist Republics, the United States of America; for three years: Canada, India, Mexico, Ukrainian Soviet Socialist Republic; for four years: France, Norway, Turkey, the United Kingdom. (See document E/223). In order to secure a balanced expert representation in the various fields covered by the Commission, the Secretary-General was instructed to consult with the Governments in question, before they made their final nomination. The nomination has to be confirmed by the Council. Accordingly at a meeting on 10 December 1946 the Council confirmed the eleven nominations submitted by the Secretary-General (See Document E/250). The Council decided at this meeting, with regard to the States from which nominations had not been received, that members nominated might serve provisionally pending confirmation by the Council at its next session. The member nominated by Turkey was therefore confirmed by the Council sitting as a Committee of the Whole on 26 March 1947. (See document E/378/Rev.1). A replacement of the representative of the United Kindgom was confirmed at the 173rd plenary meeting on 11 March 1948. (See document E/725).

At its 202nd meeting on 17 August 1948, the Council filled the vacancies caused by the expiration of the terms of office of the first third of the membership, initially appointed for two years, by re-electing China, the Netherlands, the Union of Soviet Socialist Republics, the United States of America for a term of three years (See document E/988). The representatives so re-nominated by the elected States together with replacements by Mexico and Turkey were confirmed by the Council at its 225th meeting on 29 August 1948. (See documents E/1987/Add.1 and E/1308).

At its 323rd meeting on 5 August 1949 the Council replaced the second third of the representatives whose term of office was to expire by the end of 1949, electing Argentina, Czechoslovakia, India and the Ukrainian Soviet Socialist Republic for a term of three years, 1950-1952. (See document E/1508).

## SUBJECT-INDEX

### Explanation

Documents are indexed by the entry numbers in the Check List.

Discussions are indexed by the entry numbers of the tables of the meeting records and, following the colon (:), by meeting numbers. Thus the following entry in the Subject-Index:

Agriculture:
statistical sampling: discussion 187:1
FAO document 189

is to be interpreted: Statistical sampling in agriculture is treated in a document submitted by the Food and Agriculture Organization of the United Nations, listed in entry 189, which is document E/CN.3/Sub.1/2. The meeting in which the subject was discussed will be found in the table of meetings of the first session of the Sub-Commission on Statistical Sampling, in entry 187, where the first meeting is shown to have taken place on 22 September 1947.

Introductory notes are likewise indexed by entry numbers.

Persons are indexed alphabetically in the index of Personal Names.
